

English

In English this term we will continue to look at sentence structure and consolidating the use of punctuation that we now know. We will once again explore poetry look at the link between food and seasons. We will use our Geography in this topic to look at different texts around the world and use this to inspire and develop more challenging vocabulary. We will recap non-fiction writing and write an information text to help all.

We will also begin to re-read writing to check it makes sense and spot any errors.

Maths

In maths this term we will be looking at counting in steps of 2 and 5. We will also begin to look at measures. We will compare heights and lengths, look at what units we measure this in. We will also measure and compare mass this term, once again looking at the key units and comparing capacity of objects.

Geography

In Geography we will explore where our food comes from and the impact of that. We will consider what we can grow locally in our back garden and allotments. Also in Geography this term we will look at economic difference in wealth and what wealth means to different countries and people. We will look at what it means to be wealthy.

PE

In PE this term the children will be perfecting our balancing. They will also be consolidating the dynamic balance and moving on to agility (jump to balance) as well as combining this with Static balance (seated balance).

PSHE

Our PHSE theme is Healthy Me. The children will learn about healthy and unhealthy choices, explore the importance of hygiene- handwashing, teeth cleaning and that germs can make you unwell.

The children will know now that you need to look after your brain by drinking lots of water, getting a good amount of sleep and eating a balanced diet.

The Greatest Wealth

How do we keep healthy? We discover what health and wealth mean to all.
